Objective:

Motivated and detail-oriented computer science and engineering student with strong technical skills and a passion for UI/UX design and content creation. Seeking opportunities to leverage my programming knowledge and content writing abilities to contribute to dynamic projects and organizations.

Education:

- **VIT Bhopal University** | B.Tech in Computer Science and Engineering (Core)
CGPA: 8.78 | 2023 – Present
 - **Senior Secondary Education (12th Grade)** | Viraj Shri Ram Centennial School
Percentage: 87.2% (Best of 5) | 2023
 - **Secondary Education (10th Grade)** | Viraj Shri Ram Centennial School
Percentage: 99.6% (Best of 5) | 2021
-

Technical Skills:

- Programming Languages: C++, Java, Python
 - Web Development: HTML, CSS
 - Database Management: SQL
 - Tools & Platforms: Git, GitHub, Jupyter Notebook, Figma, Adobe Photoshop, Adobe Illustrator
 - Leadership, Teamwork, Communication, Problem-Solving, Time Management
-

Work experience:

Co-Lead, Event Management Department, Android Club

VIT Bhopal University

- Led the planning, organization, and execution of technical workshops, hackathons, and speaker sessions focused on Android development.
- Managed cross-functional coordination between speakers, participants, and organizing teams to ensure seamless event execution.
- Designed event roadmaps, schedules, and logistics, improving event efficiency and engagement.

- Handled budgeting and resource allocation for events, optimizing expenses while maximizing outreach.
- Spearheaded promotional strategies, increasing event participation by 21%.
- Mentored junior team members, enhancing their leadership and organizational skills.

Co-Lead, Technical Department, Matrix - The Multimedia Club

VIT Bhopal University

- Led a team of designers and editors in creating high-quality multimedia content, including videos, posters, and digital marketing materials.
 - Oversaw the technical execution of club projects, ensuring adherence to industry standards and creative vision.
 - Coordinated with content creators, designers, and video editors to produce engaging visuals for university-wide events.
 - Implemented new design strategies and software tools to enhance efficiency and creative output.
 - Conducted training sessions for club members on graphic design, video editing, and multimedia production.
-

Certifications:

Ethnus Adobe UI/UX Certification:

Key Skills Gained

- User Research: Conducted user interviews, surveys, and persona development to understand user needs and behaviours.
- Information Architecture: Structured content for usability and intuitive navigation, developed sitemaps and user flows.
- Wireframing & Prototyping: Created low- and high-fidelity wireframes and interactive prototypes using Figma.
- Visual Design: Applied principles of layout, typography, colour theory, and branding to create visually appealing interfaces using Adobe Photoshop and Illustrator.
